BAN THE BAG

Visiting the library can often mean borrowing lots of books. With the introduction of the ban on plastic bags in supermarkets across NSW, plastic bags will become scarce. For the environment, this is great news and as a society it will change the way we shop by encouraging us to recycle.

Reusable bags are great for the library too. If you are looking for a suitable bag that you can use both in the supermarket and the library, Boomerang Bags are community made using recycled materials.

Boomerang Bags kicked off in 2013 when Co-founders, Tania Potts and Jordyn de Boer, met up with the dream of reducing plastic bags within their community of Burleigh Heads.

Julie is a retired TAFE fashion teacher.
