The theme of History Week 2018 is ‘Life and Death’ which will explore life’s defining moments and the impact on death on communities across time. This includes:

• How we commemorate peoples’ lives
• How communities have rebuilt after loss, shared stories across generations and inspired remembrance and creative expression
• What rituals and burial practices reveal about our relationship with and understanding of life and death
• Life’s milestones and how different cultures come to terms with death
• How death has been feared, used as a form of punishment and shattered communities
