Using SAFETYHUB videos in MOODLE

Available from:
http://huntertafe.libguides.com/eresources

TAFE NSW Hunter and Central Coast Libraries subscribe to several online video collections, including Safetyhub. Safetyhub videos are accessed via Equella.
You can give students seamless access to individual videos, in these collections, from any Moodle course. They can be viewed on any device.

1. Go to your Moodle course or unit page and click on the Turn Editing on button.

2. Decide where you want to include the video content.

3. At the bottom of that section, click on the Add an activity or resource link.

4. In the pop-up box that appears, scroll down, click on the Equella Resource option and then click on the Add button.

5. A new pop-up box appears where you can now search within Equella. In the search box, enter the search term safetyhub.
7. Click on the title of the appropriate record.

8. Once inside the record, find the desired video and click on the **Plus** button to the right of the title.

You will now see on the right hand side of the screen that 1 item will be added to the Moodle section you were working in.

9. If you wish, you can continue selecting other items to add to your course. When you are finished, click on the **Save** button at the top right of the screen.

10. There will now be a link to the selected item/s at the bottom of your Moodle section.

11. You can use the **up/down arrow** to drag the link to the most suitable position.

12. Alternatively, right mouse click on the Resource, Copy Link Address and add the hyperlink and text using the Edit icon.

**Please Note**
DO NOT copy the source link because that would be a breach of our licence agreement with the provider. These titles are purchased on an annual basis and may expire. Let your library staff know if you link to titles so we can renew them.

**Need more help?**
If you need more help with using Moodle or Equella, contact your eLearning Advisor.
If you need information about the library eVideo collections, please contact Joanne O’Farrell at hunter.wyonglibrary@tafensw.edu.au.
