Book Review

**Daemons are forever** by Simon R. Green

I don’t usually read Fantasy books, so imagine my surprise when I discovered an urban fantasy series that I really enjoyed. Daemons are forever is the second book in the Secret Histories series. They are all a clever take on the titles of James Bond movies.

The main character, Edwin ‘Eddie’ Drood (although he prefers Bond, Sharman Bond), is a member of a family of secret agents who protect the world against nasty beasts and try to keep humans from knowing the peril that they are really in.

The story is a rollicking adventure of fantasy, comedy, ghosts, flying trains, car chases and weaponry that would make James Bond envious.
